In response to the voters' approval of the "Regulation and Taxation of Marijuana Act" at the November 2016 state election, municipalities are faced with determining the extent of municipal authority to regulate the new "recreational" marijuana industry. This program, presented by the Massachusetts Municipal Lawyers Association, and co-sponsored with the Massachusetts Municipal Association, will provide municipal attorneys, planners, and administrators with an analysis of the new law and a review of the actions that municipalities can, and should, be taking in 2017 to prepare for the implementation of the law. There will be ample opportunity to ask questions and exchange ideas with other public officials on this important topic.
