

Statement of MMLA President Peter Mello

March 19, 2020

To briefly update our members, in recent days MMLA leadership has been in close contact and in active discussion with other stakeholders in developing and vetting potential legislation to address issues of pressing concern to our members, including with respect to permitting deadlines, town meeting procedures and other issues. We at MMLA wanted to let you know that we are on the job, and expect to report to you soon of how these collaborative efforts will help us all cope with the pressures imposed upon us by COVID-19. Please stand by.

Peter Mello, President, Massachusetts Municipal Lawyers Association
