

**MMLA JUNE MONTHLY MEETING**

**10<sup>TH</sup> ANNUAL PUBLIC CONSTRUCTION & INFRASTRUCTURE UPDATE**

**& MMLA ANNUAL BUSINESS MEETING**

**ZOOM VIDEOCONFERENCE MEETING**

**THURSDAY, JUNE 11, 2020, 2:30 p.m. to 5:00 p.m.**

Please join us as we pioneer the “new normal” of MMLA monthly meetings and programming in the COVID-19 era!

On **Thursday, June 11, 2020** starting at 2:30 p.m., MMLA, through our organization’s Zoom account, will host our first **virtual annual business meeting**, followed from 3pm to 5pm by the **10<sup>th</sup> Annual Public Construction & Infrastructure Update**, presented by **Petrini & Associates, P.C.** This year’s program is very timely, examining the impacts of COVID-19 on public construction projects and providing helpful guidance and tips to municipal counsel and officials as our clients continue to deal with the many impacts of the pandemic.

This year’s panelists include our past president and recognized leader in public construction law, **Chris Petrini**, and his experienced legal team from Petrini & Associates, along with **Dr. Samuel Wong**, the Director of Public Health for the City of Framingham, a well-known and respected public health with many years of municipal experience:

**Christopher J. Petrini**, Esq., Founding Principal, Petrini & Associates, P.C.

**Dr. Samuel S. Wong**, Director of Public Health, City of Framingham

**Christopher L. Brown**, Esq., Petrini & Associates, P.C.

**Amanda Zuretti**, Esq., Petrini & Associates, P.C.

**Michael K. Terry**, Esq., Petrini & Associates, P.C.

The anticipated topics for this year’s update include a discussion about COVID-19 impacts on public construction projects, including issues like changed conditions, force majeure and delay claims, scheduling issues, and the challenges of restarting suspended projects, Dr. Wong’s experience on the front line of public health management and enforcement related to the COVID-19 outbreak, regulatory compliance and the impacts of Chapter 53 of the Acts of 2020, as well as the remote possibilities for procurement, contract execution, real estate acquisition and related issues that have come to the forefront with the closure of non-essential services and remote operations for many cities and towns.

If past years are any indication, this is a program you will not want to miss. Space for participants through the Zoom platform is limited. Therefore, if you are interested in attending, please register as soon as possible. Members were emailed registration forms via Survey Monkey on May 21, 2020. If you did not receive the Survey Monkey email, you can also register using this link:
