

The City of Holyoke, MA City Solicitor's Office and Board of Health seek outside legal counsel assistance to address "problem properties" in the City. These properties are primarily privately owned and the owners have failed to respond to municipal enforcement actions. This representation will include code enforcement actions, motions for receivership, and associated hearings with the Hampden County courts necessary to bring these properties into compliance. Federal grant funded opportunity. Please request a copy of the RFQ from Alicia M. Zoeller, Community Development Administrator at zoellera@holyoke.org or call (413)322-5610. Responses due by November 30, 2022.
